Certified Coaching Program for Counselors

Add coaching services to your counseling practice by enrolling in the Certified Choice Coaching program offered through The Academy of Choice (AOC). This program is designed for licensed counselors who have a master's degree and want to become certified coaches. The training is being offered in the Chicago area, April 5-7, at the Embassy Suites Hotel, 1939 Meacham Rd. in Schaumburg, Ill.

This 30-hour Choice Coaching program is for National Board Certified Counselors (NBCC) who have a full professional counselor license (LCPC, LCP, LPCC, LMHC), or have a master's or Ph.D. in counseling. NBCC's who offer coaching services are required to be certified by one of the Center for Credentialing & Education Board of Certified Coaching Programs. The AOC Coaching program fills this requirement.

The revolutionary AOC Choice Coaching program provides the skills needed to help your clients increase their personal freedom while taking control of their lives. In addition to learning Choice Coaching skills, you receive a two-hour overview of business building including tips on creating a website, search engine optimization, building an email list, creating a product funnel and other business related tips. An added bonus is upon completing the coaching program, you get a free webpage on the AOC website referring potential clients to your own website.

The in-person training is \$1,995. The distance learning option is \$1,895 and can be completed at your own pace. This program features prerecorded videos, narrated PowerPoint presentations, worksheets, assigned reading and a closed Facebook community for interacting with other coaching students.
