Book Description:

Beyond recruitment and hiring, many businesses fall short when it comes to retention and motivation of the diverse workforce they worked so hard to employ. From minority employees, the missing piece is often a strong sense of self and an appreciation for who they are and what they offer.

Leveraging Diversity at Work goes beyond calling for diversity to give business leaders the knowledge and tools they need to profit from our differences. Minority workers will also find real-world inspiration for contributing to their company's vision, mission and success.

Author's Biographies:

Kim Olver MS, NCC, LPC has been involved with social service agencies since 1980, holding a variety of positions from case manager to Assistant Executive Director to Director of Training & Development. She has consulted on training, leadership development, diversity, treatment programs and management styles. She has a graduate degree in counseling.

Sylvester Baugh has been involved in the field of training and communications since 1980. He worked over 20 years for Aunt Martha's, a full service child welfare program, where he fulfilled many positions. He has done training for various agencies, including United Airlines, in the fields of diversity, bullying, communication skills, and negotiation. He has a degree in communications.

Target Audience: Management, Educators, Schools, Professional Counselors, Clergy & General Public
